

## Pacific Urethanes offers a comprehensive range of Polyurethane Equipment

**Pacific Urethanes** is now a distributor for Graco Equipment. Graco are worldwide specialists in fluid handling offering the next generation of contractor equipment for spray foam, polyurea and other on-site applications.

The next generation Reactor 2 plural component equipment was specifically designed to assist your spray foam business. The innovative features of the Reactor 2 range confirm Graco as a leader in this field.

**Pacific Urethanes** also distributes the OMS Group range of 'in plant' equipment in Australia and New Zealand. OMS is one of the world's leading manufacturers of polyurethane dispensing machines and manufacturing plants.

Somaly Touche our PU Machinery Specialist has worked with polyurethanes equipment and chemistry for over 20 years. Somaly will be the key contact for equipment sales or maintenance and also ensuring you have the right formulation for your application. **Pacific Urethanes** is planning a new demonstration and repair facility at our Sydney operations at Seven Hills. Our customers are very welcome to visit us.

*Pacific Urethanes Machinery Specialist, **Somaly Touche**.*

**Pacific Urethanes** one stop service includes advice as to the optimal machine for your application, initial supply and setup, training, spare parts and technical support complete with all the polyurethane formulations required for your applications.

Please contact your account manager or **Somaly Touche** on **0413 201 346** for machinery sales or advice.
