

Pacific Urethanes Appoints New CEO

Pacific Urethanes Chief Executive Officer, Darren Millar

The board of **Pacific Urethanes** is pleased to announce the appointment of Darren Millar to the position of Chief Executive Officer, effective 1 September 2018.

Darren has a wealth of experience in senior executive and managerial positions in multinational businesses as well as leading Australian companies.

Across a 20-year career he has developed exceptional leadership skills, expertise in technology-led change and a track-record of delivering on strategic objectives.

The board is confident he will lead the experienced and energetic team at **Pacific Urethanes** to achieve the goals we have set for the longer term.

Owen Stam has been appointed to the position of Technical Director and will lead our technology team. Owen will continue as a Board member.

Gerard Murray will continue to assist the technical team. His technical knowledge of polyurethanes built up over 30 years in the industry will provide support in the development of new and advanced technology. Gerard will continue as a board member.

Pacific Urethanes are the Polyurethane Formulation Specialists.

Kind regards,
Peter Brooksbank

Chairman of Directors
